Did you know? There's a reason why Kroll Ontrack is the number one e-discovery provider in the market.

Litigation Readiness

- » We have the most stringent chain of custody processes compared to any other provider. **Handled 50,000 pieces of media in the last 3 years.**
- » We spend more time and money on research and development than any other e-discovery provider. **10 times the number of software engineers as compared to average providers.**

Litigation Response

- » We have the largest and most experienced client services staff. **74 case managers and 23 technical application analysts in the U.S., U.K. and Asia.**
- » Our staff goes through more training than any other provider's staff. **Case managers are given 8 weeks of training before working on a single client matter.**

Early Data Assessment (EDA)

- » More legal teams choose Ontrack® Inview™ and Ontrack® Advanceview™ over any other platform. **1,300 simultaneous users conducting EDA or review in our tools.**
- » We host 20 times more data than any other provider. **More than 20 petabytes of storage in the U.S., U.K. and Asia.**

Data Processing and Review

- » We process and review 10 times the amount of data of our average competitors. **800 gigabytes processed daily, with a single day high of 2.3 terabytes.**
- » We process data more accurately than any other provider. **2 million documents handled for password cracking or decryption. 7,000 different file types processed.**
- » More clients choose to move data out of other providers' tools and into Kroll Ontrack's platforms. **21 million documents totaling 150 million pages of load file data updated for review last year.**

Production

- » We produce more load file data than any other provider. **7 million documents totaling 49 million pages generated daily.**
